

## Intent

At Little London, we strive for our children to gain a coherent knowledge and understanding of Britain's past and that of the wider world. We will utilise the important role that history plays in preparing our children with knowledge that they can use for life, raising their aspirations and understanding of how to be a good and responsible citizen.

## Implementation

Most year groups have 2-3 history topics and these are taught discretely, usually weekly. Every lesson has a clear learning intention that builds on prior knowledge and moves children on in their learning and develops their skills. At Little London, we value the concept of knowledge, ensuring children learn more and remember more so that progress is achieved. Our curriculum has been carefully and personally planned with our community and own diversities in mind.

Exciting resources, visits, artefacts and trips enhance learning and bring history to life for the children in an engaging and memorable way.

Knowledge is regularly revisited to ensure pupils have retained it.

SMSC is promoted in History as we prepare pupils for opportunities, responsibilities and experiences of later life.
