

English

In reading, this half term, we will be exploring the story 'Who Let the Gods Out' by Maz Evans. We will work on retrieval and inference style questions, justifying our answers with reference to the text.

In writing, we will writing poems all about our own mythical creature and we will be using metaphors to describe them. Later, we will be writing a myth similar to the Greek myths we have read. The features we will be looking to incorporate into our writing will be:

- Parenthesis (brackets, dashes and commas)
- Relative clauses
- Semi-colons
- Powerful, well-chosen vocabulary

Maths

In maths, the children will be finishing our learning on statistics and will also learn about shape, position and movement.

RE

The children will explore the question, What do we understand about the word 'covenant'? Children will query and explore why Abraham is important to Christians, they will find out about prophets and leaders from the Old Testament and they will compare different faiths.

Music

In music, the children will be exploring a variety of musical styles, moods and genres. The main focus being on composing their own.

Spellings

Year 5 are focusing heavily on improving their spellings and in the next half term there will be a focus on:

- Common homophones and near homophones
- Plural possessive apostrophes
- Compound words relating to word families

French

The children will learn about the topic 'Scene de plage', in which they will practise how to say and talk about the beach and other words connected to Summer. They will learn to listen attentively to spoken French and show an understanding of how to respond. They will learn correct intonation and pronunciation.

Computing

This half term, the children will continue to spend time using Purple Mash to learn how to use databases. They will create a database and pose questions about it.

PSHE

In PSHE lessons, children will be exploring the question 'How do drugs, common to everyday life, affect health?'. They will learn about different drugs and some of the risks and dangers around them.

Ancient Greece

History

In History, we will be placing the Ancient Greek civilisation chronologically, as well as ordering events within the civilisation on a timeline. Additionally, we will learn about how the Ancient Greek civilisation worked, including its influence on modern democracy, the Olympics, Athens vs Sparta, and the Battle of Marathon. We will look at similarities and differences between different elements of Ancient Greek life, and also compare it to modern day.

PE

The children will be developing their tag rugby skills this half-term where they will play mini rugby team games. In outdoor PE, they will be learning orienteering skills and in teams, be locating different symbols following directions and compass points.

Science

The children will be continuing to learn about about 'Reproduction in animals and plants'

- Reproduction in different animal groups including reptiles, amphibians and mammals
- Reproduction in flowering and non-flowering plants

DT

In DT, children will explore different clothing worn in Greek times. They will then design, make and embellish either a Greek belt or Greek headdress. After this process, they will model their product and evaluate how functional it is.
